Summary

Secondary Education Pedagogy student at Pontificia Universidad Católica de Chile. Interested in education, cryptography and its privacy-preserving applications, networks, and semantic web. Free Software enthusiast who enjoys self-hosting applications.

Experience

Cranberrychic, DevOps / Developer

- Backend development using Django and django-rest-framework with Celery for task scheduling, dockerized for deployment.
- Architecture design for deployment on AWS cloud using EC2, S3, RDS, ECR, SES, and CloudFront.
- Automatic deployment for React frontend using GitHub Actions, AWS S3, and CloudFront.

Santiago, Chile
Mar 2022 – Dec 2025
3 years 10 months

Bloqzilla SpA, Developer

- Built a LaTeX report generator module in Python.
- Built a Microsoft Access Database format to JSON converter module in Java.
- Built web report visualization in JavaScript.
- Performed bug fixes and system maintenance.

Santiago, Chile
Aug 2019 – Oct 2020
1 year 3 months

TecnoSmart SpA, Intern

- Built a distributed scraper of judiciary data in Chile for further analysis.

Santiago, Chile
Jan 2019 – Feb 2019
2 months

TecnoSmart SpA, Developer

- Provided development support for an Android project.

Santiago, Chile
May 2018 – May 2018
1 month

TecnoSmart SpA, Intern

- Developed Android applications.

Santiago, Chile
Jan 2018 – Feb 2018
2 months

Teaching

Universidad de Chile, Teaching Assistant — IN3501 Information and Communication Technologies for Management

- Conducted practical classes on basic development with the Django framework.
- Supported students with their course projects.
- Covered databases, networks, and introductory IT topics for Industrial Engineers with a practical approach.

Santiago, Chile
Fall 2021

Universidad de Chile, Teaching Aide — CC5301 Introduction to Modern Cryptography

- Covered topics from classic cryptography to modern symmetric and asymmetric cryptography and practical applications.

Santiago, Chile
Fall 2021

Universidad de Chile, Teaching Aide — CC5325 Competitive Hacking Workshop

- Covered cybersecurity topics using a Capture The Flag (CTF) methodology approach.

Santiago, Chile
Fall 2021

Universidad de Chile, Teaching Aide — CC3301 Systems Programming

- Covered introductory C, bits, pointers, threads, and Unix concepts including sockets, signals, and processes.

Santiago, Chile
Fall 2018 – Spring 2019

Universidad de Chile, Teaching Aide — IN3501 Information and Communication Technologies for Management

Santiago, Chile
Fall 2019

Universidad de Chile, Teaching Aide — CC3201 Databases

- Covered database theory, SQL, transactions, ACID compliance, and graph queries using SPARQL.

Santiago, Chile
Spring 2017

Education

Lic **Pontificia Universidad Católica de Chile**, Secondary Education Pedagogy

Santiago, Chile
Jan 2026 – present

MSc **Universidad de Chile**, Computer Science

Santiago, Chile
Jan 2020 – Jan 2026

BSc **Universidad de Chile**, Computer Science Engineering

Santiago, Chile
Jan 2015 – Jan 2020

Skills

Languages: Python (Advanced), Java (Intermediate), C (Intermediate), Rust (Basic)

Frameworks: Django (Intermediate), Django REST (Intermediate), Flask (Basic)

Technologies: Linux (Advanced), Git (Intermediate), Docker (Intermediate), OpenWRT (Intermediate)

Tools: LaTeX (Intermediate), Emacs (Intermediate)

Spoken Languages: Spanish (Native), English (Fluent - TOEFL ITP B2)

Awards

Dean's List

FCFM, Universidad de Chile

Santiago, Chile
2018 – 2020

BUCH Full Undergraduate Program Scholarship

Universidad de Chile

Santiago, Chile
Jan 2015

Extracurricular Activities

Student Union of Computer Science Department, Universidad de Chile, Outreach Co-Director

Santiago, Chile
Jan 2018

- Coordinated Richard Stallman's presentation at the University of Chile.
- Handled communication with Computer Science student unions of other universities.
