Summary

Software engineer specialized in DevOps and backend development: I design AWS cloud architectures, automate deployments with Docker and GitHub Actions, and build APIs with Django and Django REST Framework. Free Software enthusiast who self-hosts and manages my own Linux servers, with a particular interest in security and applied cryptography for infrastructure.

Experience

Cranberrychic , DevOps / Developer - Backend development using Django and django-rest-framework with Celery for task scheduling, dockerized for deployment. - Architecture design for deployment on AWS cloud using EC2, S3, RDS, ECR, SES, and CloudFront. - Automatic deployment for React frontend using GitHub Actions, AWS S3, and CloudFront.	Santiago, Chile Mar 2022 – Dec 2025 3 years 10 months
Bloqzilla SpA , Developer - Built a LaTeX report generator module in Python. - Built a Microsoft Access Database format to JSON converter module in Java. - Built web report visualization in JavaScript. - Performed bug fixes and system maintenance.	Santiago, Chile Aug 2019 – Oct 2020 1 year 3 months
TecnoSmart SpA , Intern Built a distributed scraper of judiciary data in Chile for further analysis.	Santiago, Chile Jan 2019 – Feb 2019 2 months
TecnoSmart SpA , Developer Provided development support for an Android project.	Santiago, Chile May 2018 – May 2018 1 month
TecnoSmart SpA , Intern Developed Android applications.	Santiago, Chile Jan 2018 – Feb 2018 2 months

Education

MSc Universidad de Chile , Computer Science	Santiago, Chile Jan 2020 – Jan 2026
BSc Universidad de Chile , Computer Science Engineering	Santiago, Chile Jan 2015 – Jan 2020

Skills

Backend & Data: Python, Django, Django REST Framework, Celery

Cloud & DevOps: AWS (EC2, S3, RDS, ECR, SES, CloudFront), Docker, GitHub Actions, Linux

Frontend: React, JavaScript

Additional Tools: Java, C, Rust, Git, LaTeX, Emacs, OpenWRT

Spoken Languages: Spanish (Native), English (Fluent - TOEFL ITP B2)

Awards

Dean's List

FCFM, Universidad de Chile

Santiago, Chile
2018, 2019 and 2020

BUCH Full Undergraduate Program Scholarship

Universidad de Chile

Santiago, Chile
Jan 2015

Extracurricular Activities

Student Union of Computer Science Department, Universidad de Chile, Outreach Co-Director

Santiago, Chile
Jan 2018

- Coordinated Richard Stallman's presentation at the University of Chile.
- Handled communication with Computer Science student unions of other universities.
