

Benjamín Hurtado

📍 La Florida, RM, Chile ✉ me@benjamin.hurta.do 🌐 benjamin.hurta.do 📞 +56921210199 🐙 benjujo

Summary

Secondary Education Pedagogy student at Pontificia Universidad Católica de Chile. Interested in education, cryptography and its privacy-preserving applications, networks, and semantic web. Free Software enthusiast who enjoys self-hosting applications.

Experience

Cranberrychic, DevOps / Developer

- Backend development using Django and django-rest-framework with Celery for task scheduling, dockerized for deployment.
- Architecture design for deployment on AWS cloud using EC2, S3, RDS, ECR, SES, and CloudFront.
- Automatic deployment for React frontend using GitHub Actions, AWS S3, and CloudFront.

Santiago, Chile
Mar 2022 – Dec 2025
3 years 10 months

Bloqzilla SpA, Developer

- Built a LaTeX report generator module in Python.
- Built a Microsoft Access Database format to JSON converter module in Java.
- Built web report visualization in JavaScript.
- Performed bug fixes and system maintenance.

Santiago, Chile
Aug 2019 – Oct 2020
1 year 3 months

TecnoSmart SpA, Intern

- Built a distributed scraper of judiciary data in Chile for further analysis.

Santiago, Chile
Jan 2019 – Feb 2019
2 months

TecnoSmart SpA, Developer

- Provided development support for an Android project.

Santiago, Chile
May 2018 – May 2018
1 month

TecnoSmart SpA, Intern

- Developed Android applications.

Santiago, Chile
Jan 2018 – Feb 2018
2 months

Teaching

Universidad de Chile, Teaching Assistant — CC5308 Linux System Administration

- Taught practical sessions on Linux system administration: user and permission management, SSH access, shell scripting, containerization with Docker and networking.
- Supported students in the course's workshops and assignments.

Santiago, Chile
Spring 2026

Universidad de Chile, Teaching Assistant — IN3501 Information and Communication Technologies for Management

- Conducted practical classes on basic development with the Django framework.
- Supported students with their course projects.
- Covered databases, networks, and introductory IT topics for Industrial Engineers with a practical approach.

Santiago, Chile
Fall 2021

Universidad de Chile, Teaching Aide — CC5301 Introduction to Modern Cryptography

- Covered topics from classic cryptography to modern symmetric and asymmetric cryptography and practical applications.

Santiago, Chile
Fall 2021

Universidad de Chile, Teaching Aide — CC5325 Competitive Hacking Workshop

- Covered cybersecurity topics using a Capture The Flag (CTF) methodology approach.

Santiago, Chile
Fall 2021

Universidad de Chile , Teaching Aide — CC3301 Systems Programming	Santiago, Chile
Covered introductory C, bits, pointers, threads, and Unix concepts including sockets, signals, and processes.	Mar 2018 – Dec 2019
Universidad de Chile , Teaching Aide — IN3501 Information and Communication Technologies for Management	Santiago, Chile
	Fall 2019
Universidad de Chile , Teaching Aide — CC3201 Databases	Santiago, Chile
Covered database theory, SQL, transactions, ACID compliance, and graph queries using SPARQL.	Spring 2017

Education

Lic Pontificia Universidad Católica de Chile , Secondary Education Pedagogy	Santiago, Chile
	Jan 2026 – present
MSc Universidad de Chile , Computer Science	Santiago, Chile
	Jan 2020 – Jan 2026
BSc Universidad de Chile , Computer Science Engineering	Santiago, Chile
	Jan 2015 – Jan 2020

Skills

Languages: Python (Advanced), Java (Intermediate), C (Intermediate), Rust (Basic)

Frameworks: Django (Intermediate), Django REST (Intermediate), Flask (Basic)

Technologies: Linux (Advanced), Git (Intermediate), Docker (Intermediate), OpenWRT (Intermediate)

Tools: LaTeX (Intermediate), Emacs (Intermediate)

Spoken Languages: Spanish (Native), English (Fluent - TOEFL ITP B2)

Awards

Dean's List	Santiago, Chile
FCFM, Universidad de Chile	2018, 2019 and 2020
BUCH Full Undergraduate Program Scholarship	Santiago, Chile
Universidad de Chile	Jan 2015

Extracurricular Activities

Student Union of Computer Science Department, Universidad de Chile , Outreach Co-Director	Santiago, Chile
- Coordinated Richard Stallman's presentation at the University of Chile. - Handled communication with Computer Science student unions of other universities.	Jan 2018
